2. Scope of Consent and Delivery Options

By providing your affirmative consent, you agree that we may provide Communications to you in electronic form and use electronic signatures in our transactions with you. We may discontinue paper delivery of Communications that you have elected to receive electronically.

For some categories of Communications, you may choose electronic or paper delivery (or both), where available. We will provide instructions for setting your preferences when those options are available. Managing preferences may not be available for all products, accounts, or services.

We may, in our sole discretion, send any Communication to you via paper even if you have chosen to receive it electronically.

Some Communications must still be provided (or sent by you) via paper if required by law or by our agreement. If the law changes to permit electronic delivery, this ESIGN Consent will automatically cover those Communications.

Unless you separately elect otherwise, tax statements will continue to be provided via paper where required or applicable.

3. Methods of Electronic Delivery

- Email to the address you have provided to us (including Communications as attachments, embedded links to a website we operate and control, or notices that a Communication is available in online or mobile banking)
- Access within our Electronic Services (e.g., online banking or our mobile application)
- Notices contained within your electronic statements
- Electronic messaging (such as SMS/text or push notifications to your mobile device)
- Accessing a designated website identified in a notice we send to you via email or electronic message

4. Requesting Paper Copies

You may print or download any Electronic Communication for your records. You may also request that we mail you a paper version. We may charge a reasonable service charge for paper copies, with prior notice of any such charge, unless prohibited by applicable law. Refer to the applicable statement or agreement for any fee that may apply.

5. Withdrawing Consent

You have the right to withdraw your ESIGN Consent at any time. Your withdrawal becomes effective after we have had a reasonable opportunity to act on it. Withdrawal may terminate your access to certain Electronic Services (including online and mobile banking) and/or your ability to use certain United Bank Products. Depending on the product, we may charge higher or additional fees if you choose paper delivery. See the applicable agreement for details. If you are receiving online account statements, termination will cause paper statements to be mailed to you via the U.S. Postal Service or other courier.

To withdraw your ESIGN Consent, you must notify us via mail, through our online banking or mobile banking app, or in writing. You may also contact one of our Customer Service Representatives, in person at any branch, or by calling us at (800) 423-7026.

6. Updating Your Contact Information

You agree to provide accurate personal contact information and promptly notify us of any changes to your email address, mobile phone number, or mailing address. You can update your contact information through online banking, our mobile application, or by contacting us at (800) 423-7026. If you fail to update or correct invalid contact information, Communications will be deemed provided if made available within Electronic Services, emailed to the address we have on file, or delivered through other electronic means.

7. Hardware and Software Requirements

To verify your ability to access and retain Electronic Communications, confirm that you can read this ESIGN Consent and print or save it (or email it to an address where you can print or save it) for future reference. You will need the following:

- A Current Version of an Internet browser we support (e.g., Safari, Chrome, Edge, Firefox)
- An active email address
- Click here for [Adobe Sign System Requirements](#)

8. Changes to Hardware or Software Requirements

If our hardware or software requirements change in a way that creates a material risk where you would not be able to access or retain your Electronic Records, we will notify you of the revised requirements. Continuing to use Electronic Services after receiving such notice reaffirms your consent.

9. Enrollment Using Our Equipment

If you enroll in an Electronic Service through one of our employees or by using our equipment, your enrollment may not be complete until you take additional action. We will advise you of any required steps at the time of enrollment. Completing those steps affirms your consent to use Electronic Records and signatures under this ESIGN Consent.

- Electronic signatures and Electronic Communications will have the same legal effect as written and/or signed paper documents
